

Home Outreach *by Mail*

Lincoln City Libraries provides a service that delivers your favorite library materials directly to your home — at no charge!

Lincoln and Lancaster county residents who are unable to visit the library because of a temporary or permanent disability can receive materials from the library's vast collection, delivered directly to their homes by the United States Postal Service.

To register, qualified participants need to fill out the attached form and mail to:

Home Outreach by Mail Service
Lincoln City Libraries
136 S 14th Street
Lincoln, NE 68508-1899

Your library materials will arrive in a blue canvas bag. Materials are loaned for three weeks. When you are ready to return the bag of materials, turn the postage paid label over so the library address is showing and place the bag of items in your mail box.

For more information on the Home Outreach by Mail service, telephone

(402) 441-8548
